

John Romeo Ahadzi

Kasoa - Central Region
+233 532691145 | romeoahadzi1@gmail

Objective

My main goal is to build, design, and maintain functional, user-friendly, and visually appealing websites and web applications. This includes ensuring a positive user experience, optimizing performance, implementing security, and making sure the site works across all devices. I also need to write clean code and stay updated with the latest technologies.

Experience

- Design and Technology Institute** October 2024 - August 2025
Web Development Trainee
Collaborated with other web developers on Pearson projects alongside class projects.
Learned and applied the best practices in web development, including Notepad, Notepad++, Vs Code, Figma, Wix and Web3forms.

Education

- Design and Technology Institute** October 2024 - August 2025
Web Development
- Awutu Winton Senior High School** April 2022 - September 2024
General Science

Hard Skills

- HTML 5
CSS 3
JavaScript
Excel
Access

Soft Skills

- Team Work
Problem Solving
Adaptable
